Redmond, Oregon PD Get New Victory Police Motorcycles

After testing and extensive evaluation of the other Police Motorcycles on the market, Redmond, Oregon Police Department chooses the Victory Police Motorcycles due to their safety and complete engineering. We welcome the Redmond, Oregon Police Department to the rapidly growing Victory family.

Redmond, Oregon to lease two Commander I 2012 Victory Police Motorcycles!! The City of Redmond knew a great deal when they saw it. They are leasing their Victory Police Motorcycles for 60 months – getting a full warranty on each motorcycle – and will own the motorcycles for \$1.00 at the end of the 60 months. They will still have choices after 60 months. They can continue to use the same motorcycles or they can sell the motorcycles – and you all know what a great resale value a Victory motorcycle has. They can take the profits that they get from the sale of the motorcycles and put it towards other needs of the police department and lease more Victory Police Motorcycles for another five years with full warranty!

We have been showing this Commander I and Commander II Victory Police Motorcycles around the country and the response has been tremendous. We can't build them fast enough!! The orders are coming in daily. Where else can you get a police motorcycle that has a bumper to bumper warranty, including all lights and sirens, radios and other Police equipment for 60 months? We have drastically reduced your maintenance costs and extensive downtime while waiting for repairs. Other than high maintenance costs and the long periods of time that it takes to get one of our competitor's motorcycles repaired, the biggest complaint that we hear while traveling the country is "there is no money in the budget". Now, we have partnered with Bob Crowe of Mears Motor Leasing and can offer you a lease program that allows you to purchase the motorcycle at the end of five years for only \$1.00!! With budgets getting smaller and smaller, our partnership with Bob made sense for our customers. For the cost of one police motorcycle, we are able to deliver five of the same motorcycles by utilizing Bob's services. Our lease program allows municipalities to stretch their already thin funding allocation. There are no down payments. No damage charges. No excess mileage charges. The program that we have set up with Mears is simple. The municipality provides Mears with a purchase order. Mears will bill monthly, quarterly, semi-annual or annual, in advance or in arrears. At the end of the lease, the municipality purchases the Victory Police Motorcycle for \$1.00.

You can call Bob at 407-253-5569 or email him at bobcrowe@mearsleasing.com with any questions. You can also see him next week in Chicago at the Chiefs Conference. Stop by the Bancorp Bank / Mears Leasing booth (#2559) to see Bob (more information below) or by Tomar Electronics' booth (#685) to see Mike or Rob with any questions on how to set up your lease program and to see the many finance options they offer on obtaining your new Victory Police Motorcycle.

Seattle, Washington PD to Receive Victory Police Motorcycles

Take a look at this stunning looking Police Motorcycle and they probably won't even have to turn on their lights as people in Seattle will be pulling over just to find out what this bike is. Victory welcomes the Seattle Police Department to our family.

See the New Victory Police Motorcycles loaded with Kustom Signals Raptor 1 radar and Road Warrior Video equipment, as well as their new Pro Laser 4 and of course our M4 rifle package, tip over Protection and a lot more or by Kustom Signals booth (#2073) to see the new Victory Police Bikes and speak with a representative with any questions on how to set up your lease program.

Stop by Mears Leasing Booth (#2559) to see how we can lower your vehicle acquisition costs and increase the number of vehicles and equipment you can get this year without increasing your budget!!!

With budgets continuing to decrease, many municipalities are looking for alternative methods of stretching their already tight budgets. Since 1990, Mears has been offering municipalities throughout the United States various options for fleet leasing. Because of their experience in the leasing business and their availability of funds for the finance market, they are able to provide municipalities with closed-end leasing, open-end leasing, \$1.00 buyout tax-exempt leasing, equipment leasing and lease purchase financing. They have been providing vehicles and equipment to law enforcement agencies, emergency response departments, fire departments, parks and recreation departments, education boards and districts, water departments, sanitation departments, street departments, bridges and highway departments and all other agencies that have a need for vehicles and equipment.

They are leasing and financing Cars, Trucks, SUV's, Mini Vans, Passenger Vans, Cargo Vans, School Buses, marked and unmarked Police Vehicles, Police Motorcycles, Fire Trucks, Ambulances, Robotic Helicopters, Light Surveillance Aircraft, Surveillance Vehicles, and many more vehicles and equipment.

Before purchasing less than what you need, stop by their booth to discuss which option works best for your municipality!!! Ask about their Undercover Program or find out how you can get three marked police vehicles for what you would normally spend for one!

Rider Review

"Victory in the future... The Victory motorcycle has surpassed all expectations. Once you get on one, you won't want to get off. The strategic approach into the design, stability, and functionality has far exceeded any of its competitors in the Police Motorcycle industry. Overall an - EXCELLENT POLICE MOTOR... Extremely simple and inexpensive approach to preventative maintenance. The wiring system isn't hidden, and can be easily reached for repairs. The low-maintenance approach to Victory is by far the best in the industry."

Justin Garcia, Rio Rancho Police Department, New Mexico
